ACCOUNTANCY KNOW-HOW. SOFTWARE THINKING.

Built on accountancy. Designed for business.

Accounting, HR and practice software shaped by the people who understand the work.

Axon Digits brings CBMC's professional accountancy experience together with expert software development to make everyday business simpler.

ROOTED IN EXPERIENCE

CBM Consultants (CBMC)

Chartered accountancy roots since 2008.

THE EXPERIENCE BEHIND AXON

We know the work. So we built the tools.

Since 2008, CBM Consultants (CBMC) has supported businesses with bookkeeping, final accounts, taxation and compliance. With offices in London, Dubai and Islamabad, we bring practical experience across the United Kingdom, the United Arab Emirates and Pakistan.

That experience showed us what small businesses and accountants need from their software: clearer records, simpler routines and tools that fit the way they work. We brought together a team of expert software developers and established Axon Digits to turn that understanding into our own products.

OUR PROFESSIONAL FOUNDATION

Bookkeeping

Reliable day-to-day records and an understanding of the detail.

Final accounts

Reporting that puts business performance into perspective.

Taxation

Professional experience across the UK, UAE and Pakistan.

Compliance

An informed view of the obligations businesses manage.

A SOFTWARE BUSINESS WITH INTERNATIONAL ROOTS

Axon Digits (Private) Limited was established to develop our own software, with registered business presence in the United Kingdom, the United Arab Emirates and Pakistan.

THE AXON SOFTWARE FAMILY

Purposeful tools. Connected thinking.

THOUGHTFULLY BUILT. POWERFULLY SIMPLIFIED.

Expertise behind every idea. People behind every product.

Our approach connects professional accountancy experience with specialist software development. We start with the work businesses need to do, build with that context in mind and focus on clear, practical workflows.

01

Understand the work

Start with the records, tasks and decisions that matter.

02

Build together

Bring accountants and developers into the same conversation.

03

Keep it practical

Make information clearer and everyday routines simpler.
